To whom it may concern

**MASON CONTRACTORS LTD**

We have been familiar with the physical works completed by Mason Contractors since 1985. Mason Contractors have also completed many civil engineering projects managed by this office since around that time. Their physical works and construction contracts have been for local authorities, companies and private individuals.

The scope of physical works than we have observed proficiency with are as follows:

- Roothing construction
- Roothing maintenance
- Clearing
- Demolition
- Siteworks
- Earthworks
- Transportation
- Stormwater reticulation
- Wastewater reticulation
- Concrete construction
- Watermain reticulation
- Pedestrian bridging
- Road bridging
- General construction

Mason Contractors liaison, contract administration, contract management, performance, quality assurance and fair and reasonable business ethic is of the highest standard. It is a pleasure to testify for their attributes and we highly recommend Mason Contractors as a competent local civil engineering contracting company.

Please do not hesitate to contact the above office should you require any further clarification.

Yours faithfully
